Dear Spartan,

On behalf of New Student & Spartan Family Programs, we welcome you to UNCG and to SOAR! We are happy that you have decided to join the UNCG family. The goal of SOAR is to assist you and your family in your transition to UNCG; use this booklet and the information you learn at SOAR to help guide you. Throughout the program, you will receive additional information regarding academic support, campus life, and resources offered to you by UNCG.

Once you have completed SOAR, New Student & Spartan Family Programs is still here for you throughout the academic year. Be sure to attend events during Rawkin’ Welcome Week to get to know UNCG and meet new friends. To help guide you through your first year at UNCG, visit the Your First Year website at yourfirstyear.uncg.edu.

As you can see in this schedule, there are so many great things for you at UNCG. You can always contact us for further information about any of the resources and opportunities listed inside.

Enjoy your time at SOAR!

Sincerely,

New Student & Spartan Family Programs Staff

THE UNIVERSITY 5 CORE VALUES

/// HONESTY
An academic community of integrity advances the quest for truth and knowledge by requiring intellectual and personal honesty in learning, teaching, research, activities, and service. Cultivating honesty lays the foundation for lifelong integrity, developing in each of us the courage and insight to make difficult choices and accept responsibility for actions and their consequences, even at a personal cost.

/// FAIRNESS
An academic community of integrity establishes clear standards, practices, and procedures and expects fairness in the interactions of students, faculty, and administrators. For students, important components of fairness are predictability, clear expectations, and a consistent and just response to dishonesty. Faculty and administrators also have a right to expect fair treatment, not only from students but also from colleagues and the administration.

/// TRUST
An academic community of integrity fosters a climate of trust, encourages the free exchange of ideas, and enables all to reach their highest potential. Only with trust can we believe in and rely on others and move forward as a community. Within an environment of trust, we can collaborate with individuals, sharing information and ideas without fear that our work or property will be stolen, our career stunted, or our reputations diminished. Through trust, our communities can believe in the social value and meaning of an institutions’ scholarship and degrees.

/// RESPECT
An academic community of integrity recognizes the participatory nature of the learning process and honors and respects a wide range of opinions, ideas, and cultures.

/// RESPONSIBILITY
An academic community of integrity upholds personal accountability and depends upon action in the face of wrongdoing. Every member of an academic community -- each student, faculty member, and administrator -- is responsible for upholding the integrity of the community.
